5th February, 2018

Dear Jackie, dear ESSIE,

here we are all back in Germany, safe and sound, but still under this tremendous experience of having attended your district convention.

It was such an extraordinary event, us celebrating our 40th anniversary of district twinning, you having your normal annual district convention. But it was all special....

It was the first governor with a teddy bear as lucky charm to head a convention, it was the largest German delegation ever having come to an English convention, it was the first speech that our ID Regina made in front of an English district audience, it was the first time your grandchildren attended a convention, it was an excellent hotel and convention place with superb food, the evenings meant lots of fun, the exchange of ideas and experiences was outstanding and extremely important and you people, you Lions and friends, were just wonderful. You did a great job!

Thank you, Jackie, for your friendship and hospitality, thank Phil for having supported you in all your preparations and their execution, thank your Lions members for their great help and their friendly reception of our group.

With friendship and heart
your co-governor in MN 111

A handwritten signature in blue ink that reads "Gunter Schwind".
